20-Nov-2008

# Updates

---

- DCCP-NAT and higher layer protocols
  - DCCP encap of higher layer protocol SHOULD be same for both DCCP-RAW and DCCP-NAT
  - Existing encaps (RTP and DTLS) are specified as same for both modes
- DCCP-NAT and Signaling
  - Signaling MUST allow DCCP-RAW and DCCP-NAT and MUST specify how to choose
- DCCP-NAT and SDP
  - Updates dccp-rtp to allow signaling of DCCP-NAT encap

# Issues

---

- Should/can this be integrated with Rémi's udp-transport draft?
- Should work on this continue?
