

Recommendations for filtering ICMP messages (draft-ietf-opsec-icmp-filtering)

Fernando Gont

73rd IETF meeting, November 16-21, 2008
Minneapolis, MN, USA

Document structure

- For each ICMP message type/code, it has the following sections:
 - Uses
 - Message specification
 - Threats
 - Operational impact if blocked
- Does the WG agree with this structure?

Document structure (II)

- Should we provide advice on a granularity of To/From/Through the device?

Moving forward

- Reviewers needed
- Send text? ;-)
