draft-ietf-rmt-bb-fec-03.txt
Updates

Updates

○ removed feedback packet format (NAK) now in draft-ietf-rmt-norm-bb-02.txt

○ added an identifier and relative packet format for "Small Block Systematic FEC Codes"

○ clarifications and minor editing

"Object length" issue..

○ Object length is currently included in the "Object Transmission information"

○ Should we keep it or not, i.e. is it FEC specific or not ?

moving forward

○ WG last call immediately after this IETF ?

○ Same for draft-ietf-rmt-info-fec-00.txt (as informational)
