

Requirements For Virtual Private LAN Services

(draft-augustyn-vpls-requirements-00.txt)

VPLS Requirements Design Team

Design Team

- Waldemar Augustyn (editor)
- Giles Heron (Packet Exchange Ltd)
- Vach Kompella (TiMetra Networks)
- Marc Lasserre (Riverstone Networks)
- Pascal Menezes (Terabeam)
- Hamid Ould-Brahim (Nortel Networks)
- Tissa Senevirathne (Force10 Networks)

Overview

- Integration of three similar drafts
- L2 service with full mesh connectivity (LAN)
 - Reference model
 - General requirements
 - Control Plane
 - Data Plane
 - Management
 - Security

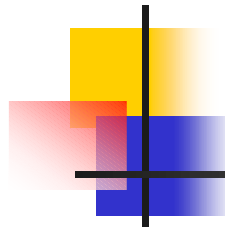

Conclusions, Issues

- Status
 - The work on the document completed
 - Contents agreed upon by all team members
- Feedback
 - Not a lot of comments
 - Clarifications
 - Questions
 - However, sharp increase in the solution related contributions and comments

Future Steps

- Possible updates
 - Aligning terminology
 - Updated intro
 - Clarifications as needed
- Context document for the solution work
 - Solution design team formed
- Should become a WG document

Q&A
