Changes From Version 2

- ## Removed Reference Model
  - (Now only in framework document)

- ## Aligned definitions with framework
  - (Some editorial work still needed here)

- ## Responded to comments received from mailing list and others.
  - Clarifications, corrections

Open Issues/Path Forward

- Complete alignment with framework
    - Primarily differences in terminology

- Incorporate other comments from list

- Ensure alignment of high-level requirements with:
    - VPLS/L2 VPN
    - VPN discovery

- With completion of above, document is proposed for WG last call in mid-January, 2002.
