

IRTF Internet Measurement RG

- Chartered to think about all sorts of measurement matter, specifically:
 - ▷ forum for discussion of measurement research issues
 - ▷ aid in the coordination of various research projects
 - ▷ assess new measurement techniques
 - ▷ increase interactions between various interested communities

- Possible IETF collaboration:
 - ▷ explore measurement techniques before they are ready to be standardized
 - ▷ venue for discussing real world experience with IETF defined metrics
 - ▷ "measurement arm" to various IETF working groups to gain a better understanding of how protocols work in the wild

IRTF Internet Measurement RG

- Chair: Mark Allman (mallman@bbn.com)
- Open research group
- Web page: <http://imrg.grc.nasa.gov/imrg/>
- Mailing list:
 - ▷ imrg@ietf.org
 - ▷ Subscription: <https://www1.ietf.org/mailman/listinfo/imrg>
 - ▷ Archive: <http://imrg.grc.nasa.gov/imrg/list/archive/>
- Meetings: 2-3 / year (sometimes co-located, sometimes not)
