Yang Data Model for BGP

draft-shaikh-idr-bgp-model-01

draft-zhdankin-idr-bgp-cfg-01

Keyur Patel, Anees Shaikh, Rob Shakir, Sue Hares

IDR Interim Session Update

Update

- Authors of both the drafts have agreed to merge the work
    - Initial Merge targeted for next IDR interim meeting
- Proposed structure of BGP model will include:
    - Base model with features needed for operational use
    - Extension model with additional features less commonly used (Separate Draft)
    - Vendor specific extensions (or deviations) (Separate Draft)
- Base Model will use OpenConfig as an initial version
    - Recent updates have made both models structurally similar
    - Already includes changes based on implementor's feedback
