Thank you for your liaison statement (ref #048.01) requesting early review on two MPLS working group documents:

- "Multiprotocol Label Switching Transport Profile (MPLS-TP) MIB-based Management Overview" (draft-ietf-mpls-tp-mib-management-overview-02.txt)
- "A Thesaurus for the Terminology used in Multiprotocol Label Switching Transport Profile (MPLS-TP) drafts/RFCs and ITU-T's Transport Network Recommendations" (draft-ietf-mpls-tp-rosetta-stone-03)

Due to logistic reasons, we could not respond in time by the requested 28 February 2011 deadline.

However, comments from the ITU-T experts have been collected based on their review on the mib-management-overview-03 and the rosetta-stone-03 drafts. Attached are the marked up version of the drafts, which include the comments.

Attach: Marked-up draft-ietf-mpls-tp-mib-management-overview-03.
