9 **Subject: MOBIKE dependency on WLAN project in 3GPP2**

10 Dear Thomas,

11 3GPP2 has an identified dependency with the work being done in IETF MOBIKE group. 3GPP2
12 intends to use MOBIKE for a WLAN interworking project.

13
14 We would like to receive an update on the timeframe for MOBIKE to become an RFC. In
15 addition to that, we would like to know whether there is a problem with NAT traversal when
16 using MOBIKE.

17
18 Regards,

19 AC Mahendran
