Q.5/13 met in Geneva during the period 17-28 July 2006 and continued the work on T-MPLS OAM, in coordination with SG15.

Two new draft Recommendations have been started:

- Y.17tor (Requirements for OAM function in T-MPLS based networks)
- Y.17tom (Operation & Maintenance mechanism for T-MPLS layer networks)

The work plan is to consent both of them at the next SG13 plenary meeting in April 2007.

Since draft Recommendation Y.17tom is only at an early stage, we have only attached draft Recommendation Y.17tor for your information.

Attachment:

Draft Recommendation Y.17tor - TD 123 (WP 4/13) – see: <http://ftp3.itu.ch/sg13sdo/>
