An experts meeting of Q.5/13 took place in Sophia-Antipolis from the 4-8 December 2006. During that meeting good progress was made on the definition of the OAM functions for T-MPLS networks.

Please find attached the latest version of:

- Draft new Recommendation Y.17tor "T-MPLS OAM requirements"
- Draft new Recommendation Y.17tom "T-MPLS OAM mechanisms"

Consent on the above draft Recommendations is planned for the next meeting of SG 13 that will be held from the 16-27 April 2007 in Geneva.

If you have any comment related to draft Y.17tor or Y.17tom, please let you share them with us, in advance to that meeting.

Note that during the meeting we also considered the draft version of the Amendment 1 to G.8110.1 that Q.12/15 sent to us. We do not have specific comment about its content.

**Attachments:** the attachments are available at:  

- Draft new Rec. Y.17tor (TD 151 Rev.1 (WP 4/13))
- Draft new Rec. Y.17tom (TD 152 Rev.1 (WP 4/13))
