The MPLS Generic Associated Channel document, draft-ietf-mpls-tp-gach-gal-03, has been reviewed by the experts of SG 15. We note that the last call comments and editorial improvements identified in our previous liaison have been incorporated. As a result we support the approval of this draft.

Attention: Some or all of the material attached to this liaison statement may be subject to ITU copyright. In such a case this will be indicated in the individual document.
Such a copyright does not prevent the use of the material for its intended purpose, but it prevents the reproduction of all or part of it in a publication without the authorization of ITU.
