1 Overview

This Liaison Statement is to update IETF Lemonade WG on the progress in OMAMWG-MEM and to inform the IETF group of the future of MEM.

2 Proposal

The OMA MWG group would like to update you on the progress of the OMA MWG-MEM.

Please find below the status and link to the latest versions of the relevant documents made by OMA MWG-MEM sub-working group:

- The MEM 1.0 ERP for Candidate Approval has been ratified by the OMA Board in September 21
- The Candidate version of the MEM 1.0 Enabler has been uploaded to the public OMA portal as:
http://www.openmobilealliance.org/Technical/release_program/mem_v1_0.aspx
- In addition, Candidate approval has been sought for the Enabler Test Requirements associated with the release.

And to inform the IETF Lemonade WG that the MWG-MEM group has been closed but any future MEM activity will continue under the OMA MWG WG.

Therefore, any MEM-related matter should be addressed to MWG instead via the OMA liaison contact address.

3 Requested Action(s)

IETF Lemonade WG is kindly invited to take notice of the Candidate ETR for MEM published in OMA Portal.
