Thank you for your liaison statement (ref # 013.01) soliciting last call comments by ITU-T of the MPLS-TP NM Framework draft.

The experts of Q14/15 have reviewed draft-ietf-mpls-tp-nm-framework-02.txt by correspondence. We found our previous comments on the -01 draft have been adequately addressed. Therefore, we have no concerns with the IETF proceeding with the publication of the -02 draft.

Should there be any further technical changes to the draft, we would appreciate the opportunity to provide additional review and comments.
