## 1 Overall description

3GPP TSG CT WG1 would like to thank IETF Ecrit WG for the LS (C1-152644) on NG eCall support for the EU.

3GPP TSG CT WG1 would like to inform IETF Ecrit WG that 3GPP TSG CT WG1 will work on stage-3 for eCall in IMS in Release 14 (ending in June 2017), subject to 3GPP TSG SA WG2 completion of the normative stage-2 work and approval of a 3GPP TSG CT work item.

3GPP TSG CT WG1 stage-3 work might result in protocol requirements deviating or conflicting with the current version of IETF draft-ietf-ecrit-ecall, and thus might impact IETF work.
