Newcomers Overview Presentation

1. Introduction and overview of newcomers activities
2. Structure of the IETF
3. Introduction to an IETF meeting week
4. Overview of resources (people, tools, information)
Scope: Preparing for an IETF Meeting
https://www.ietf.org/newcomers/

This presentation includes:

- Information immediately useful to you as you attend your first(ish) IETF meetings
- Strategies to make the most of the meeting (whether in person or remote)

This presentation does **not** include information about:

- The history of the IETF; How to write a “standard”; and many other things...
This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

- By participating in the IETF, you agree to follow IETF processes and policies.
- If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.
- As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.
- Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.
- As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam (https://www.ietf.org/contact/ombudsteam) if you have questions or concerns about this.
Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- **BCP 9** (Internet Standards Process)
- **BCP 25** (Working Group processes)
- **BCP 25** (Anti-Harassment Procedures)
- **BCP 54** (Code of Conduct)
- **BCP 78** (Copyright)
- **BCP 79** (Patents, Participation)
- **Privacy Policy**

Internet Engineering Task Force
Newcomer’s Activities

Each IETF meeting has a set of IETF newcomer activities planned. These vary from meeting to meeting and may include:

- Newcomer’s Overview Q&A sessions
- IETF Guides
- IETF Quick Connections
- Newcomer Coffee Breaks
- Newcomer dinners

Be sure to check the Newcomer webpage for the latest schedule.
1. Introduction and overview of newcomers activities

2. Structure of the IETF

3. Introduction to an IETF meeting week

4. Overview of resources (people, tools, information)
The mission of the IETF is to make the Internet work better by producing high quality, relevant technical documents that influence the way people design, use, and manage the Internet. [RFC 3935]
The IETF is ...

- A Standards Development Organization (SDO)
- With self-selected individual participants, no formal membership
- Driven by market-based adoption (a *real* standard is one people use)
- Focused on Internet technologies
- Bottom-up... and unique!
  - No formal voting (but we *do* hum...)
  - No formal government role
- And... no booths, sales promotions, or other sales related activities
The Big Picture

- **Internet Engineering Steering Group (IESG)**
  responsible for technical management of IETF activities and the Internet standards process

- **Internet Research Steering Group (IRSG)**
  a group of members from various research groups focused on longer-term Internet research topics

- **Internet Architecture Board (IAB)**
  provides oversight of the Internet architecture and the standards process

- **IETF Administration LLC**
  corporate home for the IETF, the IAB, and the IRTF; provides fiscal and administrative support

The IETF and Consensus

- IETF mantra:
  - “We reject kings, presidents and voting. We believe in rough consensus and running code.”
- Rough consensus is achieved when all issues are addressed, but not necessarily accommodated
- Dissenting opinions are heard, but are not controlling
- Humming: a way of measuring consensus that is not voting
- Session chair is responsible for building consensus
- WG mailing list consensus has to be taken into account
- “On Consensus and Humming in the IETF”, P. Resnick, [RFC 7282]
Who does what?

- **IESG**: responsible for technical management of IETF activities and the Internet standards process
- **IRTF**: a parallel organization focused on longer-term research topics for the Internet
- **IAB**: provides oversight of the Internet architecture and the standards process
- **IETF LLC**: provides the corporate legal home for the IETF, the IAB, and the IRTF; provides fiscal and administrative support

IETF Meeting Week

April 2021
Newcomers Overview Presentation

1. Introduction and overview of newcomers activities
2. Structure of the IETF
3. Introduction to an IETF meeting week
4. Overview of resources (people, tools, information)
An IETF Meeting week (in person)

- Organized events on the agenda include:
  - Working Group sessions: ~130 working groups (some subset meeting)
  - Birds of a Feather sessions (BOFs)
  - IRTF sessions: ~ 15 research groups (some subset meeting)
  - Area-wide sessions, IETF-wide plenary(s), invited talks
  - Hackathon and Code Sprint
  - Social Events
  - Tutorials, Deep Dives & Lunch Sessions
  - Hot RFC Lightning Talks
  - Side Meetings, Open Time
Activities not on the agenda include:
- Hallway meetings
- Many Bar BOFs
- Marathon Editing Sessions

We have an App (IETFers)!

The Agenda is your friend!
https://datatracker.ietf.org/meeting/110/agenda
IETF 112 Meeting week (online)

- IETF 111 will be all online 8-12 November 2021 (with several activities in the preceding week)
  - Newcomer’s Question & Answer session on Monday, 1 November
  - HotRFC
  - Hackathon is online 1-5 November (Monday - Friday)
  - Plenary
- Newcomer Coffee Breaks will be held in the IETF Gather space
  - Tuesday, November 9 @ 14:00 UTC (06:00 PT, 09:00 ET, 15:00 CET, 23:00 JST)
  - Thursday, November 11 @ 15:30 UTC (07:30 PT, 10:30 ET, 16:30 CET / Friday, Nov 12 @ 00:30 JST)
- Meetings will run 12:00 to 18:00 UTC each day
- All session information will be linked from the IETF Datatracker agenda page
  - https://datatracker.ietf.org/meeting/agenda/
- Additional information on how to participate:
- Newcomer specific activities (https://www.ietf.org/how/meetings/112/newcomers/)
- Biggest part of an IETF week
- Most work is done on mailing lists in between meetings
- Face-to-face meetings mostly focused on solving key issues
- Sessions are streamed & recorded
- Charter (including milestones) is negotiated with area director
Birds-of-a-Feather (BOF) sessions

- Often precedes formation of a WG
- Usually includes discussion of a proposed WG charter
- Sometimes a one-shot for a timely topic
- Proposed by a group interested in a topic
- Approved by Area Directors
- Generally meet only once
IRTF Research Group sessions

- Officially an activity of the IAB
- Focused more on research versus engineering topics
- IRTF RGs often meet at IETF meetings
- IRTF meetings at the IETF are open to all IETF attendees

Useful reference on the IRTF: RFC 7418 “An IRTF Primer for IETF Participants”

[RFC 7418]
Area-wide Sessions, Plenaries, and invited lunch talks
Hackathons and Code Sprints
Hackathon Details

- Free to participate, open to everyone
- Collaborative, working toward shared goals
- Advance pace and relevance of IETF standards
  - Flush out ideas, feed back into working groups
- Attract developers, universities
  - Team newcomers with veterans
  - Reduce time to meaningful contribution
- Weekend at start of each IETF meeting
  - Week before IETF meeting when meeting is online only
- [https://www.ietf.org/how/runningcode/hackathons/](https://www.ietf.org/how/runningcode/hackathons/)
Networking and Social Events
But wait... there is more!

- Side meetings (ongoing agenda experiment)
  - https://trac.ietf.org/trac/ietf/meeting/wiki/110sidemeetings

- Technology Deep Dive: Domain Name System (DNS) part 2
General Meeting Etiquette

- Read documents of interest before WG sessions
- Behave respectfully and tolerantly towards all participants
- Talk (and listen) to people
- Enjoy yourself
IETF Session Etiquette

- Speak directly into the microphone
- Say your name every time you speak at the microphone
- Sign the “blue sheets” which provide a record of who is in the room (remote participants recorded as well)
- Technical comments & questions are welcome
- Use the WG Jabber channel to discuss meeting-relevant topics
IETF Session Etiquette - the online version!

- Practice good online meeting practices.
  - Test your configuration in advance.
  - Keep yourself muted and video off except when speaking.
  - Use a headset if possible
  - Speak slowly and clearly. Be concise.
- Technical comments & questions are welcome
- Use the WG Jabber channel to discuss meeting-relevant topics
Bringing New Work to the IETF

- Develop some collaborators with similar interest
- Write some initial Internet-Drafts, maybe have some Bar BoFs
- Talk to Area Directors in the relevant area (maybe DISPATCH)
- Propose a BoF (drafts, charter, agenda all needed)
- Hold the BoF (Consensus determines the next steps)
- But first... Check out ... Tutorial on Bringing New Work to the IETF:
  - video: https://www.youtube.com/watch?v=YnK3rsZG4Ec

Resources

April 2021
1. Introduction and overview of newcomers activities
2. Structure of the IETF
3. Introduction to an IETF meeting week
4. Overview of resources (people, tools, information)
IETF Participants (and culture)

Passionate, smart, vocal people.

Have a question? Don't be shy; we're all here to help.

Informal dress code. (when we meet in person or are on camera!)

Technical excellence is highly valued.

Do your homework then please speak up and contribute!

Close working relationships (people know each other)
Area Directors (ADs) and WG Chairs

- **Working Group Chairs**
  - [https://datatracker.ietf.org/wg/photos/](https://datatracker.ietf.org/wg/photos/)
- **Area Directors**
  - [https://www.ietf.org/about/groups/iesg/members/](https://www.ietf.org/about/groups/iesg/members/)
- **IETF General Chair - Lars Eggert**
  - [https://datatracker.ietf.org/person/Lars%20Eggert](https://datatracker.ietf.org/person/Lars%20Eggert)

NOTE: If you have any questions or concerns about working group operations or behaviors, please feel free to discuss these with either the working group chairs or the responsible Area Directors for that working group.
IETF Executive Director

Jay Daley
https://datatracker.ietf.org/person/Jay%20Daley
IETF Secretariat
RFC Editor Staff & IANA Staff
The Ombudsteam

- IETF Participants must not engage in harassment while at IETF meetings, virtual meetings, or social events or while participating in mailing lists.
  - Allison Mankin, Pete Resnick, Melinda Shore
Badge Dots & Ribbons (Who’s Who!)

- Working Group or BoF Chair
- Nominations Committee
- Internet Engineering Steering Group (IESG) Member
- Internet Architecture Board (IAB) Member
- Internet Research Group (IRSG) Member
- RFC Series Editor
- IETF LLC Board of Directors
- TBD (WG or BOF)
- TBD (RG)

Meetecho

- Meetecho is the IETF custom tool for remote participation!
- All sessions are linked off of the datatracker agenda page.
- Additional information https://www.ietf.org/how/meetings/technology/meetecho-guide-participant/
- Participant Practice sessions
gather.town: The IETF virtual hallway track

Stay tuned for links and directions!
The Network @ IETF

https://tickets.meeting.ietf.org/wiki/IETF108network

- The IETF runs its own network (including sometimes the primary hotel)
- Generally up by early Saturday and down around noon on Friday
- There are a number of wireless SSIDs available
- Avoid ietf-legacy if possible. It is unencrypted (enough said...)
- Secure networks use userid: “ietf” and password: “ietf”
- There’s a quiet work space (terminal room) with no terminals, but with power and wired Ethernet connectivity.
- And, there’s a printer and a helpdesk in the registration area.
Jabber/XMPP Groupchat

The IETF uses eXtensible Messaging and Presence Protocol (XMPP) [RFC 6120] to host a number of chat rooms during the IETF meeting.

- Used to ask questions and provide a hint of where the discussion is at on slides for audio remote listeners.

- Integrated into Meetecho for working group sessions

- More information at: https://www.ietf.org/how/meetings/groupchat/
Above all: Enjoy!
