Issues for further discussion

Areas of Weakness:

- Some Areas have very small leadership pools – we said this last year and it's even more true this year.
- Employer support – perhaps an earlier call for nominees will give more time to line up that support.

Requests of the Community

Check on your eligibility to volunteer for the NomCom

- <https://www.ietf.org/registration/nomcom.py>
- Tick the yes box when you register!
- Look back period is a year

Update your profile in the data tracker

- <https://datatracker.ietf.org/accounts/profile/>
- Provide feedback on the Nominees

Consider providing area and issue feedback as well

Welcome Scott Mansfield – Incoming NomCom Chair 2018-2019

Special Thanks

- All of those who volunteered for the NomCom (look for the next call for volunteers before IETF 102)
- All those who were nominated and accepted nominations (we need more of you!)
- The Secretariat – for making it so much easier to do our work
- The Tools Team – for quick quality-of-life improvements to the datatracker
