

# LSR WG Status

## IETF 103, Bangkok

Acee Lindem, Cisco  
Chris Hopps, Deutsche Telekom

# Status On A Page (SOAP)

- LSR WG Status Now Maintained Online:  
<https://datatracker.ietf.org/group/lsr/about/status/>
- Highlights:
  - Base YANG Models going forward – augmentation models to follow
  - MPLS Data Plane Segment (SR) Documents going forward
  - Acee working with authors old OSPF WG documents or abandon them forever.
- Other salient new and existing documents covered in presentations today
- May have IGP flooding Interim to discuss way forward – also could try and use left-over time in RTG WG on Thursday
