

IANA Report to the IETF

Doug Barton 59th IETF Seoul

Outline

- What is IANA?
- Protocol Parameters Updates
- What's New and Exciting at ICANN?

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”
 - Things that need to be unique across the network

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”
 - Things that need to be unique across the network
- Four main stakeholders

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”
 - Things that need to be unique across the network
- Four main stakeholders
 - The Regional Internet Registries (RIRs)

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”
 - Things that need to be unique across the network
- Four main stakeholders
 - The Regional Internet Registries (RIRs)
 - Top Level Domain Managers

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”

- Four main stakeholders
 - The Regional Internet Registries (RIRs)
 - Top Level Domain Managers
 - The IETF

What is IANA?

- Obvious answer, “The Internet Assigned Numbers Authority”
 - Things that need to be unique across the network
- Four main stakeholders
 - The Regional Internet Registries (RIRs)
 - Top Level Domain Managers
 - The IETF
 - .int Registry

Protocol Parameters Updates

- November (Second Half)
 - AS Number Allocation to ARIN
 - IPv4 Allocation to RIPE NCC
 - 4 MIME Media Types
 - 59 Ports
 - 246 Private Enterprise Numbers
- December
 - 1 Megaco-h.248 Public Package
 - 2 Private Packages
 - 1 PPP Number
 - 3 MIME Media Types
 - 320 Private Enterprise Numbers

Protocol Parameters Updates

- January
 - 9 Megaco-h.248 Public Packages
 - 2 port numbers
 - 2/16's of multicast addresses
 - 1 single multicast address
 - 5 character sets
 - 1 SCTP Payload Identifier
 - 1 BGP attribute type
 - 1 SAFI, and 1 SASL mechanism
 - IPv4 Allocation to ARIN
 - IPv6 Allocation to RIPE NCC
 - 258 Private Enterprise Numbers

Protocol Parameters Updates

- February
 - 13 ports
 - 2 SAFI's
 - 1 PPP number
 - 1 multicast address
 - 3 Megaco-h.238 Public Packages
 - 1 BGP attribute type
 - 1 MIME Media Type
 - 267 Private Enterprise Numbers

What's New and Exciting at ICANN?

Doug Barton 59th IETF Seoul

What's New and Exciting at ICANN?

- New senior staff

What's New and Exciting at ICANN?

- New senior staff
 - Kieran Baker, GM of Communications and Public Participation
 - John Crain, CTO
 - Dan Halloran, Deputy General Counsel
 - Theresa Swinehart, GM of Global Partnerships

What's New and Exciting at ICANN?

- New senior staff
 - Kieran Baker, GM of Communications and Public Participation
 - John Crain, CTO
 - Dan Halloran, Deputy General Counsel
 - Theresa Swinehart, GM of Global Partnerships
- New Strategic Vision

What's New and Exciting at ICANN?

- New senior staff
 - Kieran Baker, GM of Communications and Public Participation
 - John Crain, CTO
 - Dan Halloran, Deputy General Counsel
 - Theresa Swinehart, GM of Global Partnerships
- New Strategic Vision
- Workflow system

What's New and Exciting at ICANN?

- New senior staff
 - Kieran Baker, GM of Communications and Public Participation
 - John Crain, CTO
 - Dan Halloran, Deputy General Counsel
 - Theresa Swinehart, GM of Global Partnerships
- New Strategic Vision
- Workflow system
 - Working with IAB/IESG Members on interface

What's New and Exciting at ICANN?

- Globali[zs]ation

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach
 - IDNs

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach
 - IDNs
 - New Language Character Variant Table “Registry”

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach
 - IDNs
 - New Language Character Variant Table “Registry”
- IPv6 glue in the root

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach
 - IDNs
 - New Language Character Variant Table “Registry”
- IPv6 glue in the root
 - First TLDs, then for the root servers

What's New and Exciting at ICANN?

- Globali[zs]ation
 - New office in Brussels
 - Translation efforts, outreach
 - IDNs
 - New Language Character Variant Table “Registry”
- IPv6 glue in the root
 - First TLDs, then for the root servers
- Revamping IANA web site
