

# IPv6 over 802.11

---

- Several issues raised on several mailing lists
- In use everyday
- No clear understanding on operational difficulties
- Does the IPv6 WG need to do any work?

# IPv6 over 802.11 Investigation

---

- Small team (3-4 people) put together to investigate issues
- Investigate operational experience with running IPv6 over 802.11
- Publish draft and report back by IETF 61 in Washington
- WG discussion in Washington on way forward
