MIB

- draft-ietf-isis-wg-mib-16.txt

- Removed multiple instance

- Some conformance and cleanup issues remain

- Milestone for completion by Sep 04

Experimental TLV

- draft-ietf-isis-experimental-tlv-03.txt

- Proposal for using SNMP enterprise codes rather than OUI

  - ECs simple to get as they are free and anyone including individuals can get one.

  - ECs managed by IANA

- Proposal for supporting both ECs and OUIs using compatibility octet
