

Softwires Problem Statement

Where 01 came from

Spencer Dawkins
spencer@mcsr-labs.org

Version 01

- Have reflected all list traffic except comments on MTU and ROHC
 - If I have not recognized commenters, please say so
- Have not made pass over “Hubs and Spokes” and “Mesh” looking for missing requirements (stated for one scenario but not for the other)
 - And may not need to – decision criteria in agenda
 - decide after interim
- Next steps?
