

TCP Congestion Control

Mark Allman (ICSI)
Vern Paxson (ICSI)
Ethan Blanton (Purdue)

TCPM, IETF-71
March 2008

*“There’s diamonds in the sidewalk, there’s gutters lined with song,
Dear I hear the beer flows through the faucets all night long”*

Status

- Modest changes in response to comments from WGLC
 - Made, but not submitted
 - Available, we just missed the deadline
 - Commenters seem happy with the changes

Status (cont.)

- Ted indicated (on list) that the document passed WGLC modulo addressing the issues raised in LC
- Anything else?
