Message Organization (morg)
IETF 75

Agenda

1. Morg drafts

2. Message recall

3. MIME related issues with HTTP folks (not really morg-related)

Status-in-list

- Last call ended on May 31th

- Some small editorial changes to be done for -02 draft

- Otherwise done?

Sort Display

- How to sort groups in DISPLAYTO?

  a) By first address inside group

  b) By group name

- After that: Done?

Fuzzy Search

- Change CAPABILITY to just "FUZZY" (from SEARCH=FUZZY)?

- Interaction with THREAD: Should it be possible to get relevancies returned?

    - Would need ESORT-like ETHREAD extension?

Multi-mailbox Search
