

draft-ietf-behave-dns64

M. Bagnulo, [A. Sullivan](#), P. Matthews, I. van Beijnum

IETF 76, Hiroshima

Outstanding issue in -02

- Need to address troubles from multiple interfaces:
 - ▶ Multiple IPv6 interfaces
 - ▶ Dual stack (both to Internet)
 - ▶ Dual stack (Internet v6-only, LAN v4)
- Proposed text on-list

Otherwise we think we're done

If you disagree, please comment or send text.
