

ForCES WG Status

Forwarding and Control Element Separation

Jamal Hadi Salim <hadi@mojatatu.com>

Documents Published 2010

- Model document (Proposed Standard)
 - RFC 5812
 - Errata available
- Protocol document (Proposed Standard)
 - RFC 5810
 - Errata available
- MIB document (Proposed Standard)
 - RFC 5813
- SCTP document (Proposed Standard)
 - RFC 5811

Documents To Be Published

- Applicability statement (Informational)
 - Version 9 released Jun 2010
- Implementation report (Informational)
 - Version 2 release Jun 2010
- Both docs going to IESG telechat in mid-August 2010

Documents Need to be completed

- Formal definition of controlled objects (Informational)
 - Version 01 released Mar 2010
 - 2 presentations in this meeting
 - Hope to have a new draft after meeting

Whither ForCES?

- LFBLib (Informational)
 - Joel + Weiming to present
- There is some strong sentiment that CEHA effort is needed to “complete” ForCES
 - Ken to present a revised version
 - We do not need a re-charter for this work
- Shutdown after the above work
