

Update on LISP Map Versioning

~~draft-iannone-lisp-map-versioning-02.txt~~

draft-lisp-map-versioning-00.txt

Luigi Iannone
Damien Saucez
Olivier Bonaventure

Main changes:

- Renaming after WVG adoption
- Editorial polishing
- Clarifications added in section 5 concerning the Map-Version 0
- Used RFC 2119 Notation ([please comment](#))
- New Sections:
 - Definition of Terms
 - Appendix B: Change Log

Definition of Terms:

- Map-Version number
- Map-Version 0 (Should we call it Null Map-Version?)
- Source Map-Version number
- Destination Map-Version number

Next

- Should the security consideration be integrated in the security draft? (draft-saucez-lisp-security-01.txt)
- Should we add case studies LISP sites to no-LISP sites (i.e. PIR and PETR)?

Comments?
