RADIUS Over DTLS

RADEXT - IETF 80

Alan DeKok

FreeRADIUS

Changes since IETF 79

- None.

- Changes from draft-dekok-radext-dtls-02

  - Name / date

  - STATUS -> RFC 5997

  - Removed RFC 5378 disclaimer

Open Issues

- Need to re-sync with RTLS draft

  - Double-check consistency, etc.

- Port re-use issues

  - Use the same port? Different ports?

- Would like review from Stig Venaas (radsecproxy)

Implementations

- RadSecProxy

- Jradius

- FreeRADIUS (ongoing, expected Q2. 2011)

Questions?

- Draft will make more progress once other documents are finished
