draft-petithuguenin-behave-turn-uris draft-nandakumar-rtcweb-stun-uri

- The new version of the two drafts removes the userinfo component in the URIs ABNF.

- Following reviews, the next version will probably:

  - Remove the turns and stuns URIs.

  - Replace transport=udp/tcp by proto=udp/tcp/tls, and redefine the mapping with RFC 5928 accordingly.
