

Draft « CDNI request routing » draft-lelouedec-cdni-request-routing-00

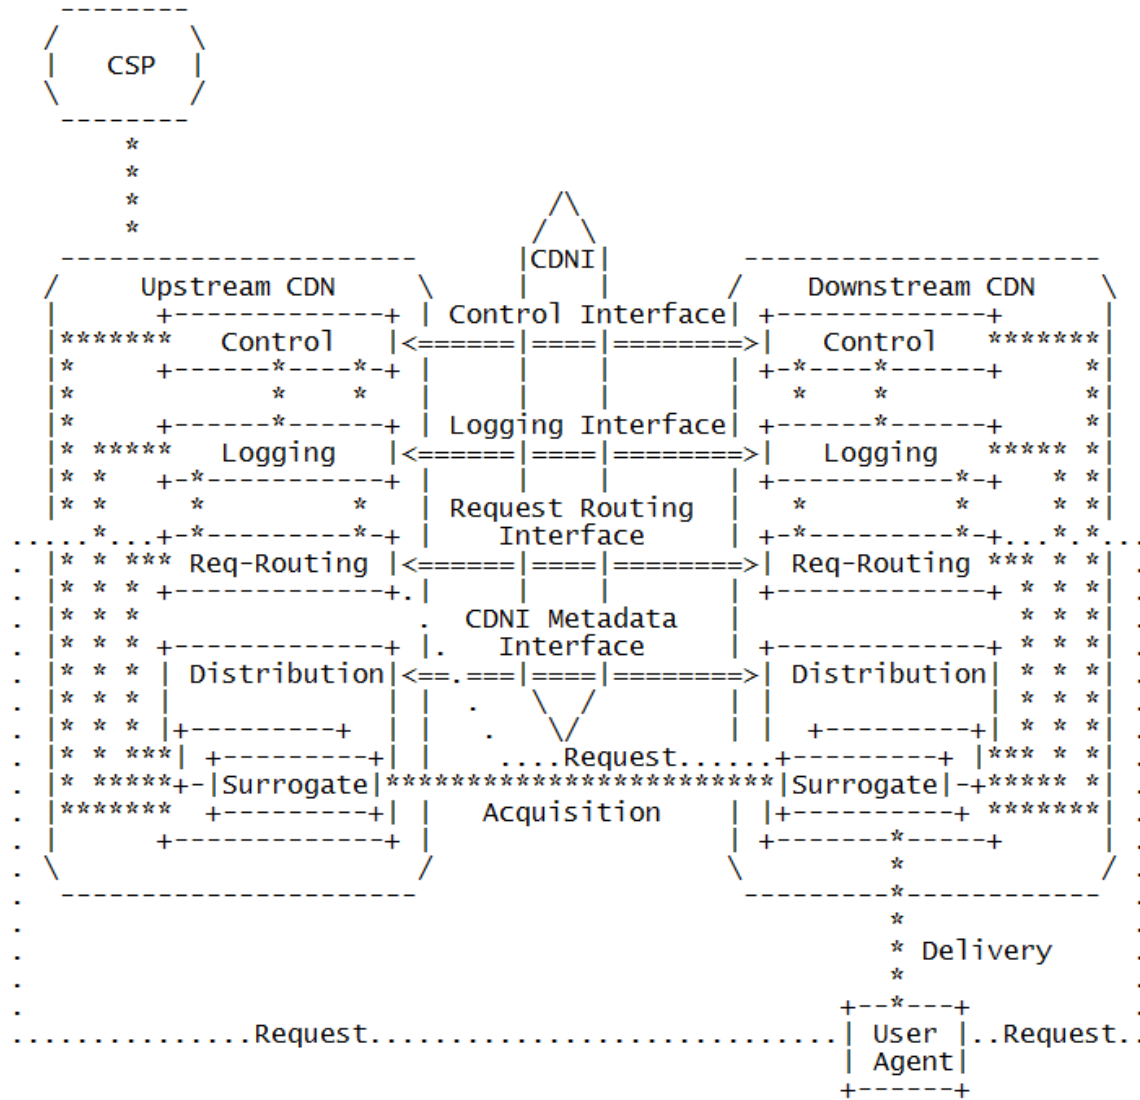

Y Le Louedec, A Marrec, G Bertrand, M Pilarski, E Stephan
France Telecom – Orange

IETF #84. Vancouver. 7/30/12 to 7/31/12.

- Context
- Outcomes of yesterday's CDNI Request Routing Side Meeting
 - Agreement on providing updates in CDNI Framework draft
 - Review the description of the CDNI Request Routing/ Redirection interface
 - Make it clear it is fully different and separated from interfaces with end users
 - (Reminder. All interactions with end users out of WG framework scope)
- Next steps

Questions/Answers

Thank You

<==> interfaces inside the scope of CDNI
 ***** interfaces outside the scope of CDNI
 interfaces outside the scope of CDNI
