

# draft-petithuguenin-p2psip-access- control

Marc Petit-Huguenin  
2012/11/06

# Status

- Permits to deploy a new Kind that requires a new Access Control Policy without having to upgrade the software on all the peers first.
- Draft presented in Prague and Quebec City. Stopped presenting because no new WG items were accepted at the time.
- Reference implementation available.
- WG item?
