L2VPN

- Two drafts in RFC Editor's queue
  - Various others submitted to IESG
- Aim is to clear VPLS (incl E-Tree) by London
- EVPN is main focus of group now
  - Aim to last call protocol by London
  - Various enhancements – e.g. PBB EVPN after that
  - Lots of individual drafts to discuss this week
  - Potential overlap with NVO3 and L3VPN
- Milestone for EVPN MIB. Should we do Yang?
