7 November 2013, IETF 88, Berlin

Varun Singh, Joerg Ott, Igor Curcio

Progress since IETF 87

- Discarded bytes block split away from Discard RLE draft
- Discard bytes draft progressed through to IESG.
- IESG Evaluation:
 - Benoit Claise DISCUSS about RFC6390 template
 - Resubmitted drafts explicitly adding “RTP” to metric name and description.

Next Steps

- Complete IESG evaluation → RFC
