Directory Assist Status

draft-ietf-trill-directory-assist-mechanisms-00

- Push Directory part in good shape.
- Pull Directory part needs some work.
- I believe that Section 5 and most of Section 4 should be split out and made into a separate ARP/ND optimization draft.

draft-ietf-trill-ia-appsubtlv-00

- Specifies data format for directory information.
- In good shape.

Directory Assist Status
