

Information-centric Networking: Evaluation Methodology

K. Pentikousis (Ed.), B. Ohlman, E. Davies,
S. Spirou, G. Boggia, P. Mahadevan

IETF 90

Toronto, ON, Canada

Current Status

- Draft went on a lull for a few months
- Renewed interest and text contributions
 - K. Katsaros contributed new text for section 2.3 (integrated in [-01](#))
 - [FP7 ALIEN](#) project works on the interaction of CCNx (CONET-based) with OpenFlow
- Will be edited and updated further for IETF 91
 - Significant new literature to be covered
 - Contributions more than welcome!
