Decision to abandon Trademark "IETF Secretariat"

- Decision to Abandon "IETF Secretariat" Trademark
 - Following legal counsel and careful review of all community feedback prior to the vote, the trustees have decided to abandon the trademark.
 - Decision rationale: we hold the trademark "IETF" which is superior to this and continue to do so, so we do not need the trademark "IETF Secretariat" and can save the renewal fees.)

Misc.

- Trust received a couple of IPR-related questions, mostly for clarification:
 - Clarification on question when WGs are using github and what constitutes an "IETF Contribution" in this case
 - Clarification on granting copyright for copy/modify of an RFC.
