SMIMEA

draft-ietf-dane-smime

Status

- Latest version is draft-ietf-dane-smime-07.txt

- No recent changes.

Proposals

- Three proposals sent to the list

  - Discussed…

  - Not many people expressed interest one way or the other.

  - Discussed again…

Next: Use Case Document

- To create a sound design, we really need a discussion – and possible update – on the use case document.

- After discussions, let's discuss the technical design

  - Text already proposed, but use case discussions not yet started… First things first.

Next: Coordination

- Coordination with the OpenPGP draft

  - some (all?) use cases for SMIMEA also applies to OpenPGP
