MNIDs

Charlie Perkins
Vijay Devarapalli

IETF91 Honolulu

12nd November 2014

Overview

- Recent changes
- Issues raised
- Next steps

Recent changes

- draft-perkins-dmm-4283mnids-01.txt
- Added many more RFID identifier types
- Added known DUID types

Issues raised

- Whether or not to use subtypes for RFID identifiers

- Security considerations if confidentiality is needed for the identifier

- Whether to leave gaps for related future identifiers

Next Steps

- Accept as WG document?
