Intended Status vs. Current Reality

- draft-ietf-eppext-reg, was *Standards Track*
  - Registry Specification, not Protocol
    - IESG suggestion to change to *Informational*
- Other Standards Track
  - draft-ietf-eppext-launchphase
  - draft-ietf-eppext-keyrelay (expired)
  - draft-ietf-eppext-idnmap (expired)
  - draft-ietf-eppext-tmch-smd (expired)
- Three Expired Drafts, Limited Discussion…
  - Standards Track or Informational?
