 - Ready with nits. QoS, Language
- IETF Last Call
 - No comments
- SecDir review – Tom Yu
 - Ready with nits

IESG status

- 1 Discuss, 6 No objection, 3 Abstain
- **DISCUSS held by Ted Lemon**
 - I would like to request that the working group consider advancing this as a *proposed standard* rather than *experimental*. We will do another last call in the working group to see if there is consensus for this.

Summary

- Await resolution of IESG DISCUSS
