Alexander Zimmermann, and L. Eggert

TCPM, IETF-91, Honolulu, HI, USA

November 10, 2014

Goals, Non-Goals, and Next Steps

- **Goal: document current version CUBIC**
 - so that it can be implemented by others w/o needing to refer to the Linux code
- **Non-Goals: changes to current CUBIC algorithm**
- **Next steps for upcoming versions**
 - Incorporate ICCRG reviews
 - Incorporate all changes with made to the Linux code
 - Nits: update references, spelling, ...
- **Open questions for TCPM Working Group**
 - Ready for adoption?
 - >6 year experiment... Ready for Standards Track?
