ACE Use Cases

draft-seitz-ace-usecases-04

Ludwig Seitz (ludwig@sics.se)
Stefanie Gerdes (gerdes@tzi.org)
Göran Selander, Mehdi Mani, Sandeep Kumar

IETF ACE WG meeting
July 22, 2015

Overview

- IoT use cases
  - Container Monitoring
  - Home Automation
  - Personal Health Monitoring
  - Building Automation
  - Smart Metering
  - Sports and Entertainment
  - Industrial Control Systems

Goals

- <u>Not</u>: collect all possible use cases
- Give guidance to ACE about the authorization and authentication problems in constrained environments
- Be as solution neutral as possible
- Don't go into technical detail

Reviews

- Samuel Erdtman
- Steve Moore
- Thomas Hardjono
  - Pending: Update of Privacy Considerations
- Kepeng Li (update pending)
- Jim Schaad (update pending)

Thank you!
