# Update on the progress

- Working on a version that augmenting from the generic network topology model;
  - focusing on ODU layer (TDM switching);
  - L0 (WDM – lambda switching) is covered in other drafts;
- Ultimate goal: augmenting from TE topology draft
  - Details yet to sort out;
  - TE topology is change pending;
- CCAMP WG might be a better place to host this work
  - move soon.
- Feedback and comments?
