# SACM Architecture

7/24/2015

Lisa Lorenzin

# Status

- Currently have 14 open issues in github
- requirements-04 addresses 11 issues discussed & consensus reached during the working sessions on 7/21 and 7/23
    - #11-18, #20-#22
- Significant re-org of content flow – thanks very much to Henk for structural suggestions and Nancy, Adam, Danny, & Jarret for discussion

# Next Steps

- Incorporate additional resolutions to open issues
- Hold follow call(s) / web meeting(s) to continue making progress on open issues
- Address TODO items in draft
  - Complete capabilities section
  - Revise example section
  - Determine whether any additional content is needed
  - Etc.
