

WG Document Status

draft-ietf-teas-gmpls-lsp-fastreroute

- From: Rakesh Gandhi, 20 July 2015
- Current Status:
 - This draft was adopted as a TEAS working group document in December'14. The draft has been stable.
- Open issues:
 - Not aware of any.
- Next steps:
 - We would appreciate additional WG review and comments.

draft-ietf-teas-gmpls-resource-sharing-proc

- From: Haomian Zheng, 15 July 2015
- Open Issues:
 - (Comment from Lou Berger) – Introduction needs some work to reflect informational draft status.
- Next steps:
 - Edit text to reflect informational status.
 - Requesting WG to review the document.

draft-ietf-teas-interconnected-te-info-exchange*

- From: Adrian Farrel, 17 Mar 2015
- Pending Work:
 - Needs full review by authors.
 - What can be deleted?
 - WG review.
 - WG Last Call.

draft-ietf-teas-lsp-diversity

- From: Dieter Beller, 13 July 2015
- Status:
 - Published a new version (-02).
 - Changes are mainly editorial.
 - Resolved Lou's comment from IETF-92 that the -01 version contained too many SHOULDs.
- Open Issues:
 - No open issues (as far as the authors are concerned).
- Next Steps:
 - Authors believe the draft is now ready for WG Last Call.

draft-ietf-teas-network-assigned-upstream-label

- From: Vishnu Pavan Beeram, 14 July 2015
- Open Issues:
 - Xian Zhang sent detailed review comments on the latest version of this draft. Some of her comments warrant some editorial changes to the draft.
- Next steps:
 - Publish a new revision addressing Xian's comments.

draft-ietf-teas-p2mp-loose-path-reopt

- From: Rakesh Gandhi, 20 July 2015
- Status:
 - Published a new version (-03).
 - Changes were minor/editorial.
 - Adhere to the PS Guidelines (Wiki).
- Open Issues:
 - Not aware of any.
- Next Steps:
 - Requesting WG LC.

draft-ietf-teas-rsvp-egress-protection

- Status

- Published a new version (-02).
- Changes were made to adhere to the PS Guidelines.

- Next Steps
