IDR – help wanted

- Need note taker(s)
 - To access Etherpad:
<http://tools.ietf.org/wg/idr/minutes> (or navigate there from tools -> IETF-95 agenda -> idr -> pencil icon)
- Need Jabber scribe
 - Tell Jabber room what's happening (which presenter, which slide)
 - Relay questions from Jabber room to mic
 - Extensive transcript of meeting not required
 - `xmpp:idr@jabber.ietf.org?join` (or use the icon to the right of the pencil icon on the tools page)

Status of drafts

IDR Wiki

- <https://trac.tools.ietf.org/wg/idr/trac/wiki>
- Implementation reports (in place of I-Ds)
- Checklist-style guidance for document authors, presenters
- Notes about RFCs
 - Things that people should know, that aren't errata, and may not merit their own draft
 - Or things that are just interesting, like historical context
- And more
- This is your (the WG's) wiki, please contribute!
