# BOF Outcome

---

<https://tools.ietf.org/html/rfc2418#section-2.4>

Usually the outcome of a BOF will be one of the following:

- There was enough interest and focus in the subject to warrant the formation of a WG;
- While there was a reasonable level of interest expressed in the BOF some other criteria for working group formation was not met (see section 2.1).
- The discussion came to a fruitful conclusion, with results to be written down and published, however there is no need to establish a WG; or
- There was not enough interest in the subject to warrant the formation of a WG.

Or, we may need more discussion on the mail list after the BOF session to reach one of these conclusions.

Thank you!
