# Operational Security Considerations for IPv6 Networks

## K. Chittimaneni, M. Kaeo, E. Vyncke
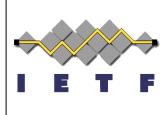

IETF 95, April 2016
Buenos Aires, Argentina

Updates for -08

- Refreshed the references
- Fixed some typos

ToDo

- Document started in early 2012...
- Security is a moving target
- Authors feel that it is complete at 99%
  - Huge effort to reach 100% (mainly clarity)
  - Document is already quite useful

- Really time for WG last call
- We need some fresh review
