ALTO Move Forward

July 21, 2016

IETF96

Question: As the networking landscape changes, how should ALTO move forward?
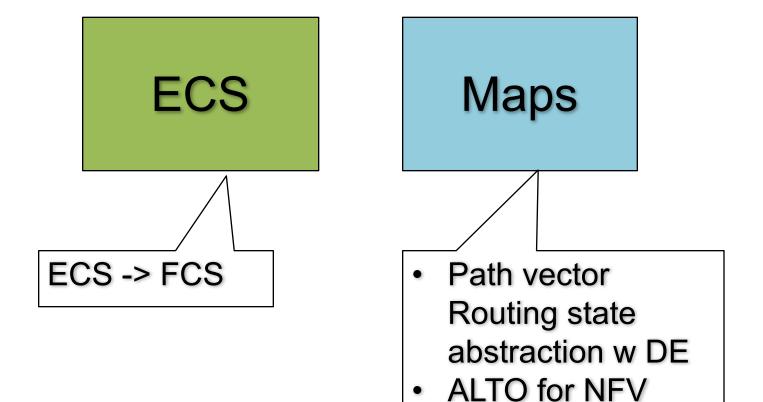

ALTO Position

Examples of Proposed ALTO Extensions in New Context

ECS

Maps

ECS -> FCS

- Path vector Routing state abstraction w DE
- ALTO for NFV

Discussions: ALTO Move Forward

1. What extensions/changes do you see ALTO need to handle new technologies (e.g., SDN, YANG, NFV, 5G, ICN)?

2. What extensions/changes do you see ALTO need to handle new apps?

3. What approach do you see ALTO take to coordinate with other standards efforts?

4. What approach do you see ALTO take for implementation/deployment?
