History

- Previously: 3 Documents on CDNI FCI
 - Semantics Draft
 - Discuss semantics and guidelines
 - draft-ma-cdni-capabilities
 - Specify JSON Object for FCI
 - draft-seedorf-cdni-request-routing-alto
 - Specify Transport of FCI JSON Object
- Until very recently, focus (of authors) was on finalizing semantics document

Now

- Semantics Draft in RFC Editor Queue
 - Scope changed from “informational” to “standards track”
 - Contains specification of JSON Object for FCI
 - Moved from draft-ma-cdni-capabilities
 - FCI JSON Object done
- What is missing?
 - Transport of FCI JSON Object
- Proposal: Merge draft-ma-cdni-capabilities and draft-seedorf-cdni-request-routing-alto
 - Scope: Specify Transport of FCI JSON Object via ALTO Service
 - Question: Continue this work in the ALTO WG?
